PRESIDENT'S REPORT

REFLECTING ON 2022/2023

A heartfelt, HUGE Thank You to the numerous active, respectful and united MTB community members and non-members alike! During this year the support expressed to Council from and on behalf of the MTB Community resulted in the H2O trails being formalised.

What a fantastic outcome - Well Done everyone !!

In addition, we are in discussion with Hornsby Shire Council to install an AED (Automatic External Defibrillator) at OMV.

There is more, and these are listed on our Current Initiatives and Future Focuses page - so check it out.

A friendly reminder about Dollars for Dirt.

MTB Direct is committed to supporting Clubs like SNORC and donate a dollar for every vote our Club receives through their **Dollars for Dirt** program.

After checkout on the MTB Direct website, please select 'Sydney North Off-Road Cyclists/Club' from the list, and click 'Vote' to provide SNORC with resources for trail maintenance.

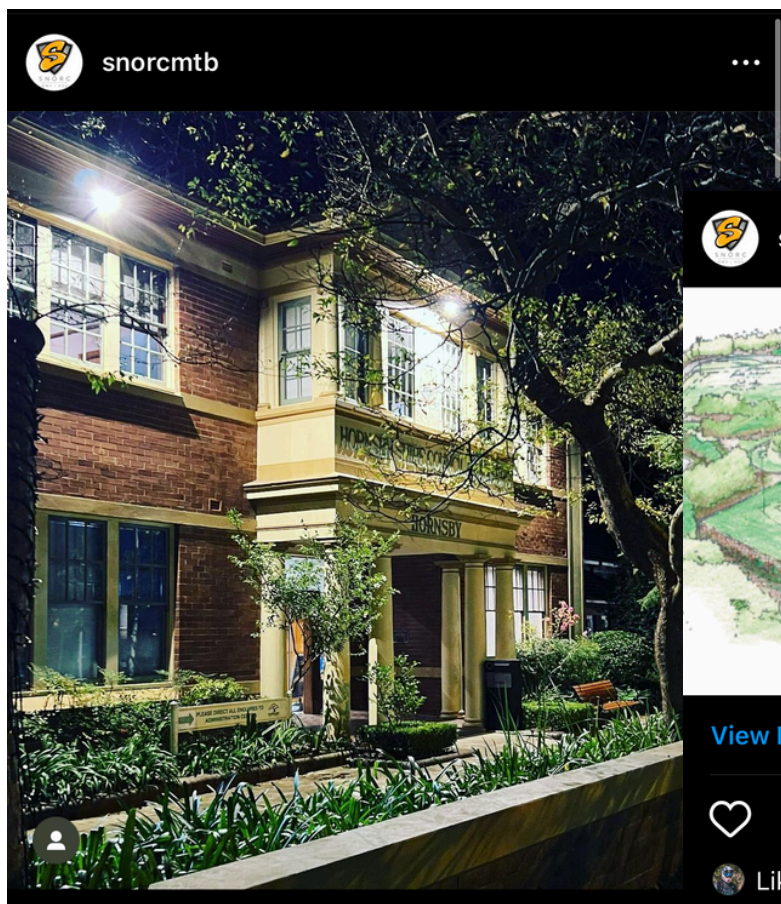

Of course, ongoing representation of the Club and MTB community at numerous Council Meetings and focus group discussions, relating to MTB and its future in the Region, including: contact with the Hornsby Shire Council, discussing the trails including conditions, changes, proposed initiatives (e.g. resus unit, signage within the park location, help point), issues, maintenance, opportunities, works and future plans at OMV. To continue the momentum and integrity of relations and constructive collaboration for sustainable progress.

Overall, I am thrilled and really appreciative of the continued and growing support for the Club and the MTB scene, we have been receiving year on year.

To ALL our Members and Volunteers, a huge and heartfelt THANK YOU!! These results and benefits are possible because of your support and efforts.

snorcmtb Last night saw another historic step towards being legitimised by the @hornsbycouncil

The Club wishes to express it's gratitude to the Council Council Staff and Councillours for their continued support and well thought out plan of management for this increasingly significant and bio-diverse site.

Hornsby will yet again prove the fact that you can have Mountain Biking work in harmony with the Environment

Bit of History, SNORC was formed by a group of forward thinking individuals in 2005 on the trails of H2O, today, see a giant leap in the direction of H2O, one we had wished for back in '05.

Lastly, we wish to extend a thank you to everyone who made a submission, wrote and email and spoke up, this proved to be the difference.

Team work makes the MTB dream work!

snorcmtb There isn't much time left to make your submission so we urge you to make yours asap.

Please be sure to read the detail first, but your submission is entirely instrumental to seeing the success of H2O MTB Trails and surrounding sports precinct.

@hornsbycouncil have done an outstanding job with the draft master plan to ensure that the trails remain and the that the environment is protected and cared for.

Jump on, have a read and make your submission.

ABOUT SNORC & OMV

SNORC MOUNTAIN BIKE CLUB

SNORC MTB Club was formed circa-2008 by a group of local Mountain Bikers who took-up the challenge and became a voice for the local riding community of the Hornsby Shire Region.

Born out of the leafy suburbs of the Sydney's North Shore, SNORC began its life as an advocacy group to lead the way and help guide the discussion between the local riding community and local councils to assist with growth of Mountain Biking within the region.

MISSION: To continue to advocate for Mountain Bike Riding here in the Hornsby Shire Region; whilst protecting and preserving the beautiful bush environment that surrounds us. Our aim is to bring up the riders of our community with: skills development; inclusive social engagement; and promotion of healthy lifestyle.

This advocacy for riding and a healthy lifestyle, led to the production of three, unique, sanctioned destinations, for all ages and skill levels to ride; Old Man's Valley Bike Park (OMV), Montview Dirt Jumps (both Hornsby Shire Council) & Jubes Bike Park (Ku-ring gai Council).

SNORC continues to carry the torch for local trail advocacy, whilst also establishing itself as the great Mountain Bike Club based out of the Old Man's Valley Bike Park, (aka Hornsby Mountain Bike Trail) located in the Hornsby Shire of Sydney, New South Wales.

OLD MAN'S VALLEY BIKE PARK

OMV was built by Synergy Trails and is the Home of SNORC MTB Club. Also known as: Old Man's Valley Bike Park, and Hornsby Mountain Bike Trail; the bike park has six kilometres of trail with features comprising of Downhill (DH) / Enduro, Flow, Cross Country (XC) and Dirt Jumps.

Rider capability is catered to from the less experienced but competent riders with some off-road experience, through to advanced. OMV was designed for the progression of riders' skills development, practice and fitness.

snorcmtb Recently we have seen a trail closure at OMV, with the Blue Line into the jump park being cut off entirely.

It had been communicated with the club via a voicemail, plus a post on the Council's Twitter feed, however what was not communicated clearly was the extent of the closure and how long for.

snorcmtb The trails at OMV are amazing, a beautiful free Trail Network to use any day of the week and is extremely accessible from anywhere in Sydney.

With all the weather the trails need a tidy up, have patience with us as we get through the work required, be sure to look out for a post about our next maintenance day.

TREASURER'S REPORT & FINANCIALS

NOTES TO FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30 JUNE 2022

1 Membership fees & Club subscriptions

- 'Membership fees' relate to the \$25 per person received via AusCycling affiliated membership to the Club, when riders join SNORC and purchase or renew riding/racing insurance, plus Add-Ons and/or additional memberships
- 'Club subscriptions' provide people with the option of supporting the Club as an annual member, \$25 per person, without the purchase of insurance should they choose not to use AusCycling

2 Commercial activities

- Includes donations received and merchandise sales

3 Operating costs

- AusCycling club fee, were not included in the operating costs for FY2022/23 because these were paid in FY2023/24
- SNORC domains
- Website fees (less refund received of incorrect additional payment made during previous financial year)
- PayPal payment fee (less Fee credits)
- Service NSW annual association lodgement, paid in FY2023/24
- Event costs for Maintenance Day BBQ essentials, for volunteers and Club members e.g. sausages, bread, sauce, napkins, gas, bottles of water etc

4 Cash and cash equivalents

- Total cash in the operating accounts at close of period: Bank account and PayPal

5 Inventories

- Merchandise in stock to be sold (based on full RRP value)

6 New Equipment

- SNORC Marquee

7 SNORC's Memberships and insurances

- AusCycling club fee (See 3. Operating costs)

CURRENT INITIATIVES & FUTURE FOCUSES

GOALS ACHIEVED DURING 2022/23

A summary list of activities and goals achieved during 2022/2023:

- SNORC membership grew to 169 Members in 2023, towards our goal of 200+ Active Members
- Continued active involvement in discussions for increasing consideration at Local Council and State Government levels for the involvement of MTB in the current and future planning for the Region
- Purchase of SNORC-branded marquee for use at events
- Increases in social media followings and website subscriptions

GOALS FOR 2023/24 AND BEYOND...

- Plans to hold the next Annual OMV MegaShred in the future
- Purchase of SNORC's first race timing system, to introduce Club Races events
- Re-establishment of regular Volunteer Maintenance Days and Social Rides
- Introduction of new events, including an Annual Festival during Spring (commencing from 2023)
- Trail upgrades to Montview dirt jumps
- Resurface jumps at OMV after Oct 2023 school holidays
- Defibrillators at OMV (& H2O?)
- Investment in more equipment for maintenance e.g. two more blowers or at least another battery
